# 안녕! 한양대학교!

## Welcome Message from the Office of International Cooperation

Hanyang University is pleased to host our international students from all over the world, and we cordially welcome you to Korea. The Hanyang University International Summer School (HISS) opened its doors in 1997 as a means to encourage more international exchanges between Hanyang and its partner universities. Since then, a number and variety of individuals have come and gone, but the warm memories still linger. With years of successful hosting, HISS is looking toward a long and eventful future, with more students and activities to come.

The programs offered in the Hanyang Summer School are designed to help participants gain a broader perspective in areas including history, culture, and communication, to name a few. To help your studies at Hanyang and your life in Korea pass as eventfully and comfortably as possible, the Office of international Cooperation is here to provide you with any assistance you need.

## Hanyang is Your Destination!

# Life at Hanyang

## IT Facilities

Wireless Internet access is available in all campus buildings. Also, most college buildings are equipped with computer labs that are available to any HISS students.

## Insurance

HISS has bought accident insurance for all HISS participants which is efficient during the program. This insurance plans are affordable, flexible short-term accident insurance policies designed to minimize student's economic burden while they stay in Korea. To be eligible for any of these plans, you must have a current passport, visa and/or foreigner registration card and actively engaged in education or research activities in Korea.

For more coverage such as sickness insurance, students must buy their own insurance prior to arrival.

## Medical Facilities

In cases of emergency, students can go to the Hanyang University Medical Center to seek medical attention. The Hanyang University Hospital provides medical services 24 hours, and the Hanyang International Cooperation Hospital is specially designed for international patients. Moreover, general assistance is always available at the Office of International Cooperation.

## Accommodations

Hanyang University provides on-campus dormitory and off-campus housing for HISS participants which are conveniently located within 5~15 minute walk from the classrooms. All students share a room with a roommate and each room is equipped with Internet connection and furnished with separate beds, closets, and desks. Among the facilities available near the buildings are a study hall, a convenient store, a laundry room and a cafeteria. Please note that the total fee of the program does not include meals. Students can have meals at various student cafeterias on campus or at nearby restaurants both on and off campus.

## Libraries

Most of Hanyang's college buildings have their own libraries. The main library is called 'The Paiknam Academic Information Center and Library' and it covers an area of about 20,500m<sup>2</sup>. It has nine total floors, three of which are below ground. There are seven reading rooms, six study rooms for individual study, two preservation stack rooms, an Old and Rare Books Room, an Exhibition Room and an International Conference Room, among others. Study rooms are opened 24 hours a day, 7 days a week. HISS students can access the main library everyday.

# Testimonials by 2012 Participants

## **Keshia Hannam, University of the Sunshine, Australia**

"My time in Korea was absolutely amazing, and easily one of the best experiences I have ever had. Having travelled a lot in my life, there were a few expectations I had for Seoul and Hanyang, but everything I experienced far exceeded everything I could have imagined. The people I met have changed my life, and I keep in contact with them today, meeting them in locations like Poland, Prague, New York and Russia. They are some of the greatest individuals I have encountered, both the international students and the local residents. The culture of Korea is the best, with everyone being so friendly and welcoming, even if there is a language barrier. The food is amazing and the culture of Korea permeates every part of the city of Seoul. Hanyang gave the best experience to it's students and I was astounded by the generosity and effort of the university. They took us on the BEST field trips ever and paid for everything! From Mud Festivals to Theme Parks, tours of Seoul and the most amazing parties, they really spoilt us and made sure our experience was one to remember. If I could tell anyone who is even considering studying at Hanyang one thing, it would be JUST GO! You will not regret it; it will change who you are and you'll make the best friends."

## **Kirstie Naone, University of Hawaii at Hilo, U.S.A.**

All the credit goes to Hanyang International Summer School (HISS) for allowing me to experience the greatest summer of my life! For an 18-year-old female that has never left the US before, HISS was the perfect program for me. Any worries I had, automatically went away when I met the helpful Hanyang staff and new adventurous friends from all over the world. Together we explored Seoul in both the classroom and outdoors. Although I enjoyed every single field trip we went on, I absolutely loved taking classes with other international students. For four days a week, my day was filled with exciting classes in media, Korean language and Taekwondo. Media allowed me to test my creativity in a new environment.

Korean language helped me navigate my way through Seoul and connect with everyone I met. Taekwondo was a great way to learn more about the Korean culture, while getting in shape. With every day that went by, I felt my soul falling in love with Seoul and all the amazing people I met there. The memories I made with Korean locals and international students will fill my heart with joy for the rest of my life. This opportunity has given me the confidence to take on the world and go for any dream I have. My summer at HISS was truly an outstanding experience of a life time!

## **Paul Strobel, University of East London, United Kingdom**

Hanyang University and their summer school staff did their best to show every student a great time. The field trips we did every Wednesday were always interesting and sometimes real eye openers to the strange and different culture we suddenly found ourselves in. Just to name a few of the trips, we went on a city tour of Seoul, to an amusement/waterpark, to a traditional Korean village and the Hyundai factory. My personal favourite was definitely the trip to the Boryeong Mud-Festival. Who doesn't dream about being a kid again and rolling around in the mud for a day? The fun trips were one thing but also the classes and courses presented a high academic standard and were challenging

and pushed students to engage with their subjects. The teachers in my subjects were superb. To be honest most students found it hard to concentrate on their courses with so many new experiences waiting behind every corner and so much left to discover. One month definitely was too short to do both, study and experience Korea at its best. However we all tried to manage both. As a politics student, I found the trip I booked to the DMZ (Demilitarised Zone) and to the JSA (Joint Security Area) at Panmunjon the most humbling, awesome and awkward experience of the whole month. Seeing North- and South-Korean Soldiers stand 10 feet apart, not being allowed to talk to each other or even smile, can bring tears to one's eyes and gives the visitor a true insight in the sad history of the Korean Peninsula.

# Useful Information

## Getting to Hanyang University from Incheon Airport

### Bus

A Limousine Bus can be taken from the airport to Hanyang University for students' convenience. The fare is 13,000 KRW (about 11 US\$) and the bus can be taken at the bus stop marked "B" or "0A". # Discovering Korea

## The World’s 12th largest economy

Korea is a mountainous country with a long coastline and numerous historical sites and buildings. Korea is among the world’s most technologically advanced and IT-connected country. There is a variety of things to see and do in Korea. From viewing historical spots, artistic and cultural sites, to engaging in a number of outdoor activities, the attractions are beautiful and plentiful. Korea has four very distinct seasons: spring, summer, autumn, and winter.

Quick Facts	
Population	48,782,274

Power Supply	220V/60Hz
GNI per capita (2011)	US \$ 24,000

# Seoul, The heart of Asia

## New York Times - ‘3rd of the places to go in 2010’

Seoul is a unique blend of old and new, historical and modern. The ancient Han River runs through the middle of Seoul, dividing the city in half. The area south of the Han River was historical considered outside of Seoul and thus the area north of the Han River is home to more traditional institutions, historical sites, and cultural attractions. Seoul is easy to navigate thanks to an extensive subway and bus system. Whatever the desired activity, whether it be going to a club, concert, art gallery, shopping, or even hiking a mountain, there are plenty of opportunities to partake in Seoul.

# Colorful Summer in Korea

## Breath-taking Scenery

Korea has a lot of places with natural beauty such as rivers, mountain streams, beaches, and parks. In summer, you can absorb the richness of green leaves everywhere. Korea’s terrain is about 70% mountainous and there is no shortage of places to hike and the most popular beaches can be found up and down the southeastern coast.

## Never ending Festival

This summer in Korea, Hanyang University will be promoting the “Never Ending Festival”. Throughout the summer there will be many national festivals located around Korea, and in Seoul. These festivals will give participants a chance to experience Korea’s traditional and modern cultures.

## Korean Food

Dinning in Korea is always a fun experience, because it is almost always done with friends. Koreans still eat traditional food, but lavish meals are generally saved for special occasions. Around Hanyang University there are may small restaurants serving a variety of food including Korean BBQ and many chicken & beer shops. Korean food is often described as spicy, powerful, and strong and after a brief adjustment, you are sure to enjoy the cuisine.

## Hot, but Pleasant Environment

Summer in Korea does not have to be unpleasant with advances in technology. Numerous facilities are available with cool and pleasant atmospheres. At Hanyang University, you will find air-conditioning, to be a common fixture indoors.
