

Business/Project developer- Environment

UAB Research Park, Edifici Eureka, Avinguda de Can Domènech (Campus de la UAB)
08193 Bellaterra (Barcelona), Spain (<http://parc.uab.cat>)

The Employer

The UAB Research Park (PRUAB) is a private non-profit organization created in 2007 by the Autonomous University of Barcelona (UAB), the Higher Council for Scientific Research (CSIC) and the Institute of Research and Technology (IRTA). Its mission is to promote and enhance the technology and knowledge transfer activities of its members, encourage entrepreneurship through the creation of new businesses based on research and generally facilitate interaction between research, business and society. The Research Park provides services to UAB, CSIC and IRTA research centers and institutes, as well as to the companies of PRUAB's network.

The Position

Tasks

- Identify, select and contact companies (start up, SME or other companies) involved in Environment and related areas in order to promote collaboration in innovation projects together with the PRUAB research groups.
- Define new innovation projects matching industrial challenges and needs and the technological offer from PRUAB's research groups
- Identify funding opportunities for the projects within different regional, national and European programs (e.g. H2020) Assist whenever needed in the preparation of proposals where PRUAB and/or its associated entities are participating
- Represent PRUAB and its associated entities in infodays and specific brokerage events.

Remuneration

- Full time contract.
- Salary according to the experience and profile of the candidate.

Location and Travel

- The position will be based in the UAB Campus at Bellaterra, Barcelona (Spain).
- Availability to travel: Brussels and other EU locations to assist to infodays, brokerage events, and specific project meetings.

Required Profile

Background

- PhD (mandatory), preferably in environmental sciences, chemistry, or engineering.
- Working experience in companies involved in the environment business
- Additional training in Project Management or in elaboration of Business Plans will be valued.

Skills

- Negotiation and communication skills
- Previous experience in project development for European (H2020, LIFE) and national programs (CDTI, MINECO) will be valued
- Previous participation in public-private collaborative projects will be valued
- Capacity to work with people from different backgrounds and expertise

Languages

- Fluent in Spanish and/or Catalan and English, both written and spoken.
- Knowledge of other languages (German, French) will be valued.
-
