

International Conference on Optimization Theory, Algorithms and Applications in Economics

October 24-28, 2011

*A tribute to Juan Enrique Martínez-Legaz
on the occasion of his 60th birthday*

Centre de Recerca Matemàtica, Bellaterra (Barcelona), Spain

This conference aims at promoting new developments in the areas of Variational Analysis, Control, Optimization and Applications in Economics. The event includes two mini workshops in Economics and one mini-workshop in Mathematical Engineering.

Scientific Committee

Jérôme Bolte
University of Toulouse I, France
Bernardo Cascales
University of Murcia
Emilio Carrizosa
University of Sevilla
Aris Daniilidis
University Autonomous of Barcelona
Adrian Lewis
Cornell University, USA
Roberto Lucchetti
Polytechnic University of Milano, Italy
Marco López
University of Alicante

Coordinators (Workshops)

Salvador Barberà	Isabel Fradera
Jordi Caballé	Marina Núñez
Albert Ferrer	Carlos Rafels

Organizing Committee

Aris Daniilidis (Chair)
University Autonomous of Barcelona
Joydeep Dutta
Indian Institute of Technology Kanpur, India
Albert Ferrer
Technical University of Catalonia
Marta Kornafel
Cracow University of Economics, Poland
Maria del Mar Gómez
University Autonomous of Barcelona

Confirmed Speakers

H. Attouch	C. Hervés-Beloso
D. Aussel	J.B. Hiriart-Urruty
A. Bagirov	A. Ioffe
M.-A. Ballester	A. Jourani
E. Carrizosa	M. Lassonde
E. Casas	A. Martínón
J. Castro	B. Mordukhovich
J.P. Crouzeix	J.P. Penot
A. Ebru	J. Puerto
L. Escudero	M. Santos
F. Facchinei	G. Seco
F. Flores-Bazán	A. Seeger
M. A. Goberna	W. Sosa
J. Gierlinger	C. Tammer
C. Gutiérrez	M. Théra
N. Hadjisavvas	L. Thibault
C. Herrero	M. Todorov
