

Improve your English with **TED TALKS**

A short course offered by the Language Service in which you can reconnect with English and improve your own abilities. The course is aimed at learners **within the B2 level** and who want, above all, to practise their listening reading and speaking skills.

The teaching materials for this course are in the format of a **TED TALKS learning app for mobiles**. This app will help you continue to learn English beyond the classroom and even after the course. **The course itself lasts 7.5 hours** (4 sessions of 2 hours each) and work is based around five TED Talks.¹

APP INCLUDED IN COURSE FEE

The short TED Talks provide excellent models for speaking persuasively in public and for getting across important ideas through the art of the spoken word. Learning with TED Talks can help you improve your English and, at the same time, improve your ability to communicate your ideas through speech.
