

Computer Vision Centre Prizes and Recognitions

- **Best Paper Award ICDAR 2011:**

At the International Conference on Document Analysis and Recognition (ICDAR 2011), Dr Marçal Rusiñol was awarded a prize for the best "Paper" presented in the conference, thanks to the paper entitled *Browsing Heterogeneous Document Collections by a Segmentation-free Word Spotting Method*; presented jointly with doctors David Aldavert, Ricardo Toledo and Josep Lladós.

- **Prize to the Best Thesis 2009-2010 IbPRIA 2011**

Dr Alicia Fornés received the AERFAI Prize for the best thesis 2009-2010 at the Iberian Conference on Pattern Recognition and Image Analysis (IbPRIA 2011) in Las Palmas de Gran Canaria. The conference took place on 8-10 June 2011, and the award went to her thesis entitled "*Writer Identification by a Combination of Graphical Features in the Framework of Old Handwritten Music Scores*".

- **"Sello Innovación" Second Consolidation Prize for the Best R&D Facility 2011:**

The Computer Vision Centre (CVC) won second consolidation prize entitled "Sello Innovación 2011". The innovation seal acknowledges the collaboration tasks conducted between companies and R&D facilities with the aim of promoting commercial relations between research and innovation-based entities.

- **"Sello Innovación" 2011:**

Conferred by the Association of Science and Technology Parks of Spain (APTE).

- **NIPS 2011 Workshop Prize:**

The ADAS group of the Computer Vision Centre participated in the NIPS 2011 Workshop, presided by Google, with a poster which ended up receiving a special mention and winning one of the two economic prizes offered.

- **Quality Accreditation from the Tecnio Network:**

The Computer Vision Centre was awarded the accreditation by the Tecnio Network with the firm Ingecal and a score of 98%.
