In these cases, candidates authorise the UAB to access the documents submitted to the Serra Hunter Programme

4. Admission of applicants

4.1. On the tenth working day after the deadline for applications, the provisional list of admitted and excluded applicants will be published. With respect to excluded applicants, this list must indicate cause of exclusion and also the date on which the final list will be made public, on the UAB website: <https://www.uab.cat/web/personal-uab/personal-uab/personal-academic-i-investigador/convocatories-1345661836642.html>

4.2. Applicants are allowed 10 days, starting from the day after publication of the provisional list of admitted and excluded applicants, to submit requests (in the places indicated in Section 3.1 of this document) for permission to amend defects or errors in their application, or to present documents required in the selection process.

In the event that, within the established period, applicants should fail to amend defects or errors that have been the cause of their exclusion, they will be deemed to have withdrawn their request, and their exclusion will then become final.

4.3. In accordance with Article 45 of Catalan Law 39/2015, of 1 October, on common administrative procedure for public administrations, publication of resolutions on the university website is deemed to constitute timely notification to all applicants, and the periods set for filing claims or appeals will then begin.

4.4. The UAB administration, ex officio or upon request, may at any time amend material, factual or arithmetical errors that may occur during the procedure.

4.5. Appeals against the resolution of the definitive list of admitted and excluded candidates, which exhausts the right of appeal through administrative channels, may be filed with the ordinary courts of Barcelona within two months from the day after the notification of this resolution, in accordance with the provisions of Article 8 of Law 29/1998, of July, which regulates the ordinary courts, without prejudice to the right to optionally file an appeal for reversal before appealing to the ordinary courts with the rector, within one month from the day after this notification is received or, if appropriate, from the day after its publication, in accordance with articles 123 and 124 of Law 39/2015, of 1 October, on the Common Administrative Procedures of the Public Administrations.

5. Selection committee

5.1 The composition of the committees is set out in the annex to these rules and is in accordance with the collaboration agreement between the Catalan Ministry of Business and Knowledge and the Catalan public universities to implement the Serra Hunter Programme in the period 2016-2020.

5.2. The committee's rules of procedure must comply with the provisions of Law 26/2010 of 3 August, on the legal system and procedures of Catalan public administrations.

5.3 . Committee members are subject to the rules governing abstention and disqualification set out in articles 23 and 24 of Law 40/2015, of 26 November, on the legal system governing the public sector. If any of the grounds for abstention apply, the party concerned shall abstain from acting on the committee and indicate the reason for abstaining.

5.4. For the purposes of communication and other issues, the committee's working location will be the Central Administration and Executive Offices (Rectorat) of the UAB.

6. Selection process

In accordance with Articles 136.2 and 141.2 of the Statutes of the Universitat Autònoma de Barcelona, the assessment made by the Selection Committee is based, in the first instance, on the suitability of candidates' teaching and research backgrounds to the position on offer, the teaching and research needs of the department, the area of knowledge, and language competence, as determined in current legislation.

6.1. On publication of the final list of admitted and excluded candidates, the members of the Selection Committee must receive all the documents submitted by the candidates admitted.

The Selection Committee must be constituted within three months of the call for applications. If, after this period, it has not been possible to constitute the committee, authorisation may be sought from the rector for this period of constitution to be extended by one month.

Constitution of the Selection Committee is telematic and requires the presence of all full members. Full members who do not attend this session are dismissed and replaced by the corresponding stand-in members.

In this constitution session, the Selection Committee, led by its president, must decide on the specific assessment criteria to be adopted, and make these criteria public.

The date of constitution of the Selection Committee will be published on the university website: <https://www.uab.cat/web/personal-uab/personal-uab/personal-academic-i-investigador/convocatories-1345661836642.html>

6.2 Phases of the selection process

First (disqualifying) phase:

6.2.1. Within a maximum of 20 days from the constitution date, the members of the Selection Committee must submit to the secretary an individual assessment of each candidate's merits, based on internationally used criteria for evaluating top-level academic activity and career progress. Special emphasis must be placed on the significance and impact of scientific and technical publications and competitive research projects obtained, quality of teaching activity and recognition obtained for this, knowledge-transfer activities, intellectual property rights and patents registered, leadership capacity, international mobility and visibility, and candidates' other academic and professional achievements. Additionally, the committee members must list the candidates that they consider should pass this first phase, in rank order.

6.2.2. In accordance with the proposals of its members, the Selection Committee must agree on the number of candidates who pass this phase, bearing in mind the candidates' academic merits. If the committee considers that there is no suitable candidate of sufficient merit, a proposal must be made to the rector to declare the recruitment process null and void and maintain the vacancy.

6.2.3. On completion of this first phase, the corresponding resolution on the candidates who have passed must then be published, which initiates the second and final phase of the selection process.

Second (disqualifying) phase:

6.2.4. Within ten days of publishing the results of the first phase, the Selection Committee publishes the calendar for the second phase, at least three weeks before it begins. This announcement includes the place, date and time of each candidate's selection test. Before the start of the selection test, the committee may require applicants to provide documentation certifying the merits indicated in their curriculum vitae, which should preferably be presented in electronic format.

6.2.5. Candidates who do not arrive at the appointed time are allowed 15 minutes more to do so. In the event of not attending, they are deemed to be in absentia and, in consequence, excluded from the selection process.

6.2.6. The selection test is open to the public. In a maximum time of 90 minutes, candidates give a brief personal presentation followed by a seminar on any subject that they deem fit. The Selection Committee will then ask any questions that it considers appropriate, with respect to the merits indicated in the candidate's curriculum vitae and/or regarding the seminar, or any other matter relating to the contract on offer and the duties to be performed. Given the nature of the Serra Hunter Programme, this test can be taken in English.

6.2.7. Tenure-eligible lecturers must be contracted for a maximum of three years. After this period, they must be evaluated as agreed by the programme management and the university. This evaluation must consider, among other criteria, the level of integration and recent academic activity, and achievement of objectives. A favourable evaluation is considered a merit in selection processes for associate lecturer (*professorat agregat*) contracts within the Programme, and for any extensions that may be applicable in law.

7. Contract-award proposal

7.1. On completion of the selection test, the committee must list in rank order the candidates who have successfully completed it, and formulate a proposal of contract for the first-placed candidate.

The duration of the contract is three years, which can be extended to five in accordance with the evaluation in Section 6.2.7.

The proposal is made public on the UAB website: <https://www.uab.cat/web/personal-uab/personal-uab/personal-academic-i-investigador/convocatories-1345661836642.html>

If none of the candidates has been considered suitable, the selection process is declared null and void.

7.2 Once the proposal has been published, candidates may request access to the report on the competition from the selection committee, as foreseen in Section 5.6.

7.3 Candidates may appeal against the selection committee's proposal within 10 working days from the date of publication.

Appeals Committee is responsible for the valuation of claims that are brought against the proposals of the competition committees. The resolution of claims must follow the same procedure as determined by article 50 of the Regulations of Academic Personnel.

8. Resolution of the recruitment process

The Selection Committee submits the proposal referred to in the previous section to the rector, who will issue the corresponding resolution awarding the post to the selected candidate. The candidate must then subscribe to the corresponding contract in accordance with the provisions of Section 9 of this document.

The rector's final resolution on the selection process brings an end to the administrative proceedings. Appeals may be filed before the corresponding Barcelona administrative

litigation court within a maximum of two months from the day following publication of the resolution.

Nevertheless, those interested can also appeal for reconsideration within one month, addressed to the rector from the day after the publication of this resolution. In this case, it will not be possible to present an appeal until the administrative appeal has been resolved..

9. Execution of the contract

9.1 In order to execute the corresponding contract, within a maximum period of six months from the date of publishing the contract-awarding resolution, the successful candidate must submit the following documents to the university's General Registry:

- a. An affidavit showing fulfilment of the requirement in Section 2.1, subsection *b*, of this document
- b. An official medical certificate showing fulfilment of the requirement in Section 2.1, subsection *a*, of this document
- c. A statement confirming that the candidate is not engaged in any incompatible activity contemplated in current legislation, or exercises, within the period for taking up duties, the option detailed in Article 10 of Law 53/1984 of 26 December, on incompatibilities for public-administration employees.
- d. Originals of the documents required in Section 2.2.
- e. Proof of compliance with the requirements in Section 2.3.

e.1 The means of accrediting knowledge of Catalan set out in Article 5 of Decree 128/2010, of 14 September, are as follows.

e.1.1 The certificate of satisfactory proficiency in Catalan (*nivell C*), awarded by the Government of Catalonia, established by current legislation on the evaluation and certification of Catalan.

e.1.2 Any of the degrees, diplomas and certificates deemed equivalent to the Government of Catalonia's certificate of satisfactory proficiency in Catalan, in accordance with current regulations.

e.1.3 A certificate of satisfactory proficiency in Catalan for teaching purposes issued by the university, obtainable by

- • successfully completing specific training organised by the university, or
- • an assessment carried out by the university.

e.2 Candidates who have gained the accreditation during compulsory education may submit any of the certificates of formal non-university education considered equivalent to the Government of Catalonia's certificate of satisfactory proficiency in Catalan, in accordance with current legislation.

e.3 Candidates who have previously participated successfully in selection processes for new lecturers at a university in which a Catalan test of equivalent or higher level was required should submit the certificate that accredits this.

e.4 In the event of not being able to accredit the required level of Catalan through the above means, the candidate should undertake to comply with the requirement set out in Section 2.3 of this document within two years of signing the contract, through any of the means established in point e.1.

9.2 If candidates do not present the required documentation within the period set out in Section 9.1, except in cases of force majeure (which must be duly verified by the convening authority), or if they do not meet one or more of the requirements for obtaining a contract, their appointment must be revoked, without detriment to any further responsibility that may have been incurred in the event of misrepresentation. In these cases, a new resolution must be issued, awarding the contract to the second-placed candidate, in accordance with the rank order set out in the Selection Committee's proposal.

9.3 The contracts establish working conditions in accordance with the terms of this selection process and applicable law, together with the following additional terms, which must be complied with by lecturers recruited within the Serra Hunter Programme.

- The contract awardee must be evaluated specifically in terms of his or her academic merits as defined by the Serra Hunter Programme.
- The contract awardee must maintain an annually updated summary – maximum two pages – of the most important aspects of his/her curriculum vitae, and authorise this to be posted on the Serra Hunter Programme's website.
- The contract awardee must sign all his or her academic production as “*professor/professora Serra Hünter*”, “Serra Hünter fellow” or “*profesor/profesora Serra Hünter*”, depending on the case.
- He/she may not sign as “*professor/professora Serra Hünter*”, “Serra Hünter fellow” or “*profesor/profesora Serra Hünter*” on leaving the Programme, whatever the reason for this. Therefore the above clauses are not applicable.

9.4 Formal execution of the contract will normally be held over to the start of each academic year. Whatever the case, the contract must be executed within six months of the resolution date for the recruitment process.

10. Return of candidates' documents

Candidates can recover all original documents that they have submitted, within a period of three months from the contract-awarding resolution. After this deadline, candidates will be assumed to have waived their right to recover it.
