

1st Phase

Research merits in ME	Training	Teaching in ME	Others	TOTAL
45/100	10/100	40/100	5/100	100/100

To access the second phase, candidates must have an **average score greater than 70**

	Criteria
I. Research merits in Mathematics Education 45/100	A. Quality of research work in mathematics education and dissemination of its results 30/100
	B. Participation in research project and research contracts in mathematics education 8/100
	C. Participation in Conference 5/100
	D. Others 2/100

We rank the candidates on 100 points maximum. However, when a candidate obtains more than the maximum points in a specific section, we adjust the score of the other candidates proportionally

	Criteria
II. Academic Training in Mathematics Education 10/100	E. Doctoral (in ME) 2/100
	F. Time spent at research centers in ME 3/100
	G. Grants 3/100
	H. Others 2/100

	Criteria
III. Teaching merits in Mathematics Education 40/100	I. University courses taught (undergraduate, degree and post-graduate) in teacher education (in Mathematics Education) 15/100
	J. Supervision of final projects, thesis, and others students' project in the field of Mathematics Education 10/100
	K. Previous experience in school teaching , primary and secondary level related to mathematics 5/100
	L. Original teaching material and Publications. 3/100
	M. Presentations at conferences related to university education 3/100
	N. Innovation projects related to university teaching 3/100
	O. Other merits related to university teaching do not included before (positive evaluations of university teaching activity;

	participation in teaching innovation projects in non university level, Awards, ... 1/100
--	--

	Criteria
IV. Other 5/100	P. Other mathematics education items not included before

2nd phase: Personal presentation

To access the second phase, candidates must have an **average score greater than 70 in the first phase**

Accumulated merits	Planned teaching and research project	For the presentation of the theme of the seminar	TOTAL
A maximum of 10 points	A maximum of 10 points	A maximum of 10 points	30

- **Accumulated merits**
- **Planned teaching and research project** (involvement in research groups and teaching or learning if hired) (intended plan for strengthening the candidates' fit to the Department in terms of the teaching and research
- **Seminar**, subject freely chosen by the candidate

The committee will suggest the position to be offered to the candidate who is able to achieve the most points within the total of both phases (130 points)
