

EGRETA

Environment of research
and transfer management

It is an improvement for the university community in
accessing, entering, tracking and searching data.

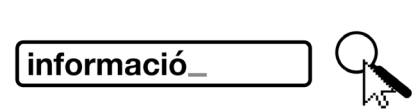

COMFORT
AGILITY
TRANSPARENCY

EGRETA allows to:

Manage
research
activities

Extract and
consult
information

Import
publications

Track
applications
and awards

Export
to other
databases

Extract the
CVN and CVA
certified by
FECYT

Generate
reports

The public profile of the research
staff, provides greater visibility
of research output at both
individual and institutional levels
and enhances internal and
external collaboration.
