

The Committee limits the overall time for each interview to a maximum 1h 30m (30 min for candidate presentation, 40 min for seminar, 20 min for discussion).

Indications for the candidate presentation:

- 1. Quality of research done, eg which do you consider to be your major publications (which contribution made to the state of the art, which impact)*
- 2. Describe your research strategy (how do you identify research questions a research methodology, how identify your research team, which role do you play in these research time, how connect with the international research community)*
- 3. Research plans for the future (which research questions)*
- 4. Teaching strategy (what teaching have they done and what teaching would they like to do in future)*
