ENROLMENT – AY 2025/2026

PRE-ENROLMENT

[Access to the pre-enrolment app](#)

Please read the instructions for this app, which will guide you through the steps you need to follow to select your subjects. We recommend you to also check the User Guide available in the app to see further instructions and explanations about the selection of courses process.

From **19th December 2025 to 9th January 2026**, students must log in the application to upload the mandatory documentation below:

- Copy of your health insurance (it must cover the whole period of your stay at UAB as an Exchange student and must cover Civil liability, as well).
- It is optional (but **highly recommended**) to upload a certificate stating your level of Spanish or English (minimum B2 CEFR) because some faculties have a minimum language requirement if you want to attend any of their subjects. Please check the accepted certificates in the user guide of the pre-enrolment app.

It is recommended a level of B2 Spanish according to the CEFR to follow subjects taught at FTI. However, for the following subjects, **a level of C1** in both A language (Spanish) and the B language (English, French and German) **is required**:

- Theory of translation and interpreting
- Direct translation subjects
- Inverse translation subjects
- Consecutive Interpretation subjects
- Preparatory Techniques for Bilateral Interpretation subjects
- Bilateral interpreting practice subjects
- Literature A for translators (Spanish)
- Oral expression A for interpreters (Spanish)
- Specialized language (B) for translators and interpreters (English)
- Foreign language and translation C3 / C4 / C5/ C6 (Chinese)

Once you have uploaded the documents required, the Administrative Office will validate them and will give you access to the subject's selection. Without this approval, you will not get access to select any subject.

From **9th to 23rd of January 2026**, students must log in again to the pre-enrolment app to select the subjects that want to attend at FTI (*subjects at other faculties must be pre-enrolled in February*). Please, keep in mind that places are limited and are given "first-come, first- served".

When selecting the subjects that you want to attend, you will find the following information for each subject:

- [Timetables](#) – Please note that each subject has a different timetable, and some classes may take place at the same time. Timetables are subject to change.
- [Syllabus](#) - by clicking on the code of each subject.

If you need assistance while selecting the subjects, you can ask for advice by e-mailing your academic coordinator.

Once you have completed your selection, the Administrative Office will validate it. If we detect that you have pre-enrolled in a subject that does not fit your academic profile, we will inform you by e- mail.

Important information about the subjects:

- There are two groups of the subject "101283 Idioma catalán para traductores e intérpretes", and both are for annual students.
- There are three groups of the subject "101284 Idioma castellano para traductores e intérpretes" according to the following indications:
 - o Group 1 ANNUAL (whole academic year)
 - o Group 2 - FIRST TERM
 - o Group 3 - SECOND TERM

During the early weeks of the semester, students are supposed to take a level placement test to determine that your Spanish level is, at least, B1 according to CEFR (Common European Framework Reference). Depending on your results, you will be permitted to enrol one of these groups or not.

- Generally, you cannot pre-enrol in first-year C Language subjects ("*Idioma C para traductores e intérpretes 1*" and/or "*Idioma C para traductores e intérpretes 2*"), except in the case of the following languages: Romanian, Modern Greek and Korean. As regards the other languages offered in these two courses, you can enrol only in cases where these are subjects you need for your home university degree. If this is the case, then you must provide a document which stipulates that this subject is included in your home university's study plan.

You cannot pre-enrol in modules from the *Master in Translation and Intercultural Studies* without the authorization from the Master's coordinator. If you are interested in attending one (or various) module from this MA, please send an e-mail to intercanvis.fti@uab.cat explaining which module/s you are interested in, and we will contact the coordinator.

- To select the subjects that you are going to attend in FTI, it is highly important to read the contents of each subject (not only to know the issues that will be dealt with in class but also to know the required level of language to follow each of them):
