

## **Communicating a Possible Case of COVID**

Any case affecting a member of the university community should be reported to the organisation so that the Contingency Plan can be implemented on detecting a suspected case of SARSCoV-2 infection.

For this purpose, we provide the following group-specific steps to take and the relevant contact telephone numbers and e-mail addresses.

## PAS: Inform your immediate superior PDI/PIF: inform the managing team in your department, service or institutet Inform the Occupational Health Unit ("Salut laboral") unitat.salut.laboral@uab.cat
