## Teaching

### Teaching tools (Intranet):

- **Institutional email:**

Mandatory communication tool between members of the university community and its organizations. You can redirect this email to your personal and usual email if you prefer.

[More information.](#)

- **UAB Campus Virtual:**

Platform for teaching use that provides a virtual environment of essential use for lecturers' teaching tasks to manage teaching material, communication with students, evaluation, etc. of the subjects taught by the lecturer.

- **Sigm@-CDS:**

Computer application to manage student evaluations. The Academic Management of each campus supports all these procedures.

- **GERES:**

Computer application to make specific reservations for spaces and classrooms. The Logistics Services and Information Point (SLiPI) of each campus supports all the logistics.
