Security enhancements at events and conferences

Following the recommendations of the Catalunya government, UAB Campus has drawn up a plan of additional measures for social distancing and healthiness, with the aim of hosting events with the maximum guarantees of safety and reducing the risk of infection.

This is a summary of the highlights.

Reduction of capacity.
Control of
accommodation and
circulation. Specific safety
signage to ensure social
distancing.

Reinforcement of the
cleaning, disinfection &
ventilation.
Selective waste
collection.

Deployment of hand
sanitizing stations,
protective counter
screens and obligatory
use of mask.

Personalized advice and
design of a specific risk
plan, in those events that
require it.

New audiovisual
equipment with streaming
and technology for virtual
or hybrid meetings.

Virtual tours.
Reservation of some
services through App and
access with QR code.

Portfolio of support
services for face-to-face
or hybrid conferences
and meetings:
UAB Campus Phygital.

Dining facilities and
services adapted to the
needs of each event.
Specific safety plan.

Accommodation and
support services with
specific measures for a
safe and quiet stay at
UAB Campus.

Health Care Services in
the UAB Campus.
Specific protocol in case
of COVID19 symptoms.
