

Specialized Seminars

2025-26

Department of
Chemistry

Students of the PhD Program in
Chemistry:

This specialized seminar is part of the activities organized for PhD students. Attendance is recommended.

Students enrolled up to the 2024/25 academic year must attend at least 30% of the seminars organized during the academic year.

Students enrolled from the 2025/26 academic year onwards are required to complete 20 hours of seminars and lectures throughout their doctoral studies.

4th of May 2026 at 12:00 h
