

ANNUAL PhD CANDIDATE PROGRESS REVIEW

The PhD programme has in place the mechanism for carrying out an assessment of each PhD candidate's training and progress on their doctoral thesis. This review is carried out by the Review Committee. Before the end of each calendar year, the Academic Committee for the PhD programme sets up the Review Committee which must be composed of three PhD holders, the calendar for the reviews and the requirements demanded of the PhD candidate, such as the submission of reports or other documents.

In exceptional circumstances, which must be duly justified, the PhD Committee may authorise the oral, face-to-face presentation to be substituted by a different format. In exceptional cases, the PhD candidate may make an [application](#) for the review to be held in a different format, accompanied by evidence which justifies this request, before 23 April 2025.
