Content

1. The teaching unit (TU) as a concret level of the educational program.
   - Components of the TU (competences, aims, contents, activities, evaluation criteria)
   - Planning

2. The music class
   - Core activities
   - Design of the sessions and group dynamics
   - The interrelationship between content and activities in each class

3. Primary curriculum
   - Music competences and dimensions
   - Aims and contents

4. Assessment as a tool to regulate teaching and learning processes
   - Modalities and practice
   - Specific issues regarding the assessment in the field of music education
Methodology

The classes require the active participation of students in discussions, in the processes of reflection on different topics, and in the activities of teaching-learning music used as simulation.

The teacher mainly leads students reflections from the analysis of practical issues to establish key principles in music education.

Some group works will begin or will take place during the face-to-face sessions and under the supervision of the teacher.
